Lightbox Learning Community Engagement

Education is for everyone. We can all give back.

More than 2 million books donated!

Over the past 20+ years, Lightbox Learning has donated more than 2 million books to organizations that promote literacy in the United States and around the world. We carefully select charities that help children living in disadvantaged areas. Through our partnership with these organizations, we do our best to ensure that children who have no access to books become avid, successful readers and achieve a better future.

Quality You Can Count On

Lightbox Learning was established to provide top-quality educational resources that meet the needs of teachers and students in an ever-changing world. For more than 30 years, we have consistently sought innovative ways to make content engaging and relevant for all students while achieving better results.

Our print titles and interactive, fully digital resources ignite students' sense of curiosity by encouraging them to shape their own questions and seek their own answers. By making our products available in both print and digital formats, we provide educators with the flexibility to deliver content in the most effective way for their students.

All our media enhanced books, interactive eBooks, and subscriptions include audio narration, videos, weblinks, quizzes, activities, maps, and infographics that integrate with your preferred Learning Management System (LMS).

Interactive eBooks

For a fully digital experience, our fiction and nonfiction books are also available for purchase as interactive eBooks. Each eBook comes alive with video, audio, weblinks, slideshows, activities, and much more.

Digital Subscriptions

Enriched with new content every month, our digital subscriptions include thousands of interactive titles. They are accessible by multiple users, work on any device, are always available, and seamlessly integrate with any LMS.

Pick from Our Award-Winning Digital Subscriptions

Featuring captivating interactive titles infused with audio-visual and multimedia components, our curated subscriptions can be used in blended learning environments, where instructional technology and real-life tasks meet to create an enriched, student-centered learning experience.
