

## Navigate Lightbox Grades PreK–2

Lightbox™ brings subjects to life for students – with audio, video, quizzes and more. And it gives teachers extra resources like curriculum standards, student activity sheets and answer keys.

This is what you see when you open Lightbox. Let's take an in-depth look at the *Sight* title.

The screenshot shows the 'Sight Menu' interface. At the top, there is a title 'Sight Menu' and a navigation bar with icons for Video, Web, Activity, Slideshow, Maps, Quiz, and Key Words. Below this is a grid of nine interactive cards, each with a page number in the bottom right corner. The cards are: 1. A girl with binoculars (page 1), 2. A close-up of eyes (page 2), 3. A rainbow (page 3), 4. Kids on bicycles (page 4), 5. An elephant (page 5), 6. A race car (page 6), 7. A white cat (page 7), 8. Kids with balloons (page 8), 9. A girl shielding her eyes (page 9). At the bottom, there is a navigation bar with icons for Activities, Curriculum, Facts, and Destiny, and two large blue directional arrows. Red lines and circles are used as annotations: a line points from the word 'Title' to the 'Sight Menu' header; a bracket labeled 'Pages' spans the grid of cards; a line points from 'Directional arrows' to the left and right arrows; and a line points from 'Page numbers' to the small circles around the page numbers 8 and 9.

## Navigating the Menus

Use the icons at the top of the Lightbox Menu to quickly access standard features and supplementary resources.

Hovering over or clicking an icon, such as Video, brightens the pages containing that feature. Pages that don't have any video fade out. Click the page you want to go to that has the feature you want to see.
